

NATIONAL CONSTRUCTION COUNCIL

DIRECTORY OF CONSTRUCTION MATERIALS 2011

The National Construction Council is collecting data for compiling the 7th Edition of the Directory of Construction Materials for 2011 which will be published in July 2011.

We wish to encourage all suppliers/producers of construction materials and service providers to list their products/services in the coming issue.

Apart from being a marketing tool for products/services it is also a source of information on available material resources and services for construction industry in the country.

For details about listing and rates contact:
